

## Group Project

# Back from the Future We Want

### – Final Individual Reflection & Peer Assessment –

As the final part of your group project, please submit your reflections about your learning and process of the group work. This includes a component of self evaluation of your own contribution to the group work, as well as a Peer Assessment of your group members' contributions and efforts. Please note that this assignment is to be done individually, and your peer assessment would be kept confidential to others. This is intended to help us get an insight into your process, and to inform fair grading of the course.

It is very short, so even though we know it's short notice, please complete by latest **Tuesday, December 13<sup>th</sup> 17:00.**

The assignment is in the format of a online form, so please complete it through this link:
