

## MAKE UP TASK: PEER REVIEW (ASSIGNMENT 1)

In preparation for the submission of the first part of your graded Assignment 1, we've organised a peer review process, where each one of you was to review two other peers' papers in order to support each other in the process and be able to give and receive feedback that will improve the overall quality of everyone's paper.

### **The Task**

Since, for whichever reason, you did not participate in the process (or only submitted one peer review), we're asking you to submit a make-up task. The question we're asking you to research is then very connected to this:

What is the value of peer learning and, particularly relating your findings to this specific exercise, the value of peer feedback in (sustainability) education?

### **Requirements**

- If you missed two peer reviews: 800 words  
If you missed one peer review: 400 words
- If you missed two peer reviews: at least two external references to research papers on the subject of peer learning  
If you missed one peer review: at least one external references to research papers on the subject of peer learning
- Relate your findings to the peer review process in the course.
- Put your name on the top of each page. For the file name of the document, use your name plus assignment (e.g. "Surname.Firstname.PeerReview").
- Email your make up task to: [asc@cemus.uu.se](mailto:asc@cemus.uu.se)
